I have files for 2010 on my hard drive (well there might be one or two that i miss, cause i was missing a particular meeting)

Identified the files that I have not access to.

Opened the Ticket with the Hesse IT [Ticket#2012083010000763]

Thomas might have also files on his hard drive...

Marcel might have recordings as well.

I will check my harddrives in due time. (Alas, I did just download the recordings without further notes about them.)
