Description			
Think Twice Conference. CS subgroup meeting proposal to have the conference in Israel (Jerusalem) in about one year's time. We agreed in the meeting that we would present the idea to the board. Please see the subgroup pad for the notes on these meetings. I have closed the pad to avoid having it corrupted again. https://ppi.piratenpad.de/167 Would very much like to be involved JKoen, and Anders Kleppe, and Arif too, basically we wanted to do a TT again for quite some time but non of us are eager to collect the funding... Israel is trying to find the best day and time, especially location. We discussed having it at the universities. May 2018 is the earliest point in time that it would be convenient. Israel should have a response by next week, so we can move forward or if we can move forward. Anders Kleppe from Norway would be interested in facilitating this conference, and we should follow up with him. Motion: PPI will follow up with the plan of having a Think Twice Conference in Jerusalem during the summer period of 2018. The board gives assent to the idea of initially exploring the development of this conference through the CS/CF subgroup for this Think Twice Conference. The subgroup will report to the board on a regular basis.
