

PPI Board - Decision #375

Server Update

05/31/2017 07:38 AM - Keith Goldstein

Status:	New	Start date:	05/31/2017
Priority:	Normal	Due date:	
Assignee:	Thomas Gaul	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
Server update Last meeting we were waiting for tech team update, and their conditions for setting up the server. We requested an update on the conditions for the collaboration in order to move forward. Brandenburg AG Technik has decided to take over management and service for the PPI server and its programs. No costs will be invoiced. PPI will try to gather further admins who will support and further the technique from PPI under the management of AG Technik - for adding up the personell Motion: PPI provides tacit approval of the informal proposal listed above. PPI will follow up with a formal document in the future that provides more precise language and identifies the admins and management team. The AG Technik Brandenburg is hereby asked to start its work according to this tacit approval.			

History

#1 - 05/31/2017 07:40 AM - Keith Goldstein

- Assignee set to Thomas Gaul

We are waiting for an update from AG Technik Brandenburg on the status of that work, as well as a document with more precise language that identifies the admins and management team.
