XIV. PPI Headquarters

(2) The PPI Headquarters shall serve as the Secretariat of Pirate Parties International. It shall comprise the Secretary General of the Pirate Parties International and such staff as the Organization may require. The Secretary General shall be appointed by the Board and shall be the chief administrative officer of Pirate Parties International.

I think Jurgen would be the best person for this position. In Brussels we already discussed that Jurgen (and not CAO) will be keeping all the PPI related paperwork. I had a talk with him today and he likes the idea. But wouldn't it be a problem that he is in the Court of Arbitration?

Sent a letter to Jakub yesterday regarding the mistake in the statutes: "The Secretary General shall be appointed by the Board and **shall be the chief administrative officer of Pirate Parties International.**" Should be "...and shall be the CAO of **PPI Headquarters**" I suppose. Still waiting for the reply.

- Status changed from New to Closed

Lola checked this issue with Gregory Engels who originally wrote this part of the statutes and now understands her proposal is wrong and agrees the original wording is correct.
No need to appoint anybody because Secretary General = Chief Administrative Officer.
