Report by Pat: The poll has already been opened; according to the current responses it seems that we have to implement streaming. I would be happy if the task could be updated to "Pat implements a streaming possibility for evaluation for next board meeting".

Thomas: An IT group is already looking into a possibility for a constant streaming solution.

Pat: please send me the details

=> extend for 2 weeks, add sentence "Pat looks for a possible implementation"

##### #6 - 11/27/2011 01:11 PM - Pat Mächler

- Status changed from New to Feedback

- % Done changed from 0 to 50

There's probably already a solution for the Mumble server for Admins as described on the paragraph just above of

<http://wiki.piratenpartei.de/HE:Telefonkonferenz#Raumnummern>

---

Über das Webinterface kann der Administrator einen Livestream aktivieren. Dieser ist dann abrufbar unter

<http://sip.piratenpartei-hessen.de:8000/raum####.ogg> (#### muss durch die Raumnummer ersetzt werden)

---

Google translated

---

Via the web interface allows the administrator to enable a live stream.

This is then available at

<http://sip.piratenpartei-hessen.de:8000/raum####.ogg> (#### must be The room number will be replaced)

----

Wrote mail to Thomas asking if he can check whether he got access rights or else if he could forward me the respective contacts to the IT team.

Else I considered to use this variant to solve the task

**#7 - 01/03/2012 11:10 PM - Lola Voronina**

- Status changed from Feedback to Closed
- % Done changed from 50 to 100

Report by Pat: Sorry for reporting not on that earlier. I know that there were people that said it is necessary, so we will have to look into a solution.

Discussion:

- Thomas: The party of Lower Saxony is still looking into an implementation, also Pat was looking into it.
- Lola: I would suggest to work on [#53](#) which is about implementing the streaming and close this one.

**#8 - 01/03/2012 11:13 PM - Lola Voronina**
